What is Gold Filled?

(GB909)

Gold filled jewelry contains a layer of Karat Gold mechanically bonded to a layer of bronze (or other supporting alloy) before being rolled or drawn to the desired thickness. The item maintains the same gold content throughout our signature production process. ARC Traders' gold filled products contain either 12 or 14 Karat gold. For example, the GB909 (1 x 21 mm twist tube) contains a layer of 12 Karat Gold mechanically bonded to a bronze alloy layer.

Terms and Conditions of Sale

1. AGREEMENT ARC Traders, Inc. (also referred to as "ARC", "we", "us" and "our") agrees to sell goods to the Buyer (referred to with the terms "you", "your", "the customer", and "the client") identified on the purchase order, quote, or invoice, but only on the terms and conditions as stated herewith (the purchase order together with these Terms and Conditions are referred to collectively as the "Agreement"). ARC will complete your order according to the terms and conditions as described below. ARC will accept changes, waivers, additions, or subtractions to these terms only through a written agreement signed by an officer of ARC. The Buyer has the responsibility to notify ARC of any desired changes; otherwise, ARC will assume that the Buyer accepts these terms when completing a product purchase.

2. PRICES AND TAXES ARC makes every effort to notify the Buyer in writing of any pending price changes. However, ARC maintains the right to change the prices in this agreement to cover changes in manufacturing processes, metal markets, materials, labor, taxes, or tariffs without prior notice to the Buyer.

3. PAYMENT ARC Traders, Inc. accepts two forms of payment from customers: upfront prior to shipment or through a terms account. If you wish to pay upfront using a credit card or wire transfer, the payment may be subject to a transaction fee. If you wish to open a terms account, please submit a customer application. We may able to extend terms accounts to customers in some countries outside of the U.S. ARC will indicate to the customer which payment method is required before sending any merchandise. Should the Buyer fail to meet the previously agreed upon credit terms after receiving a shipment from ARC, ARC will require an additional interest payment of 1.5% per month on the total invoiced amount, or 18% annually. ARC may seek compensation by engaging attorneys in collection of the payment. Should ARC engage attorneys, the Buyer is responsible for the total original invoice amount; the accrued interest up to and including the date of a legal agreement; and the attorneys fees and other legal costs incurred in pursuit of the full payment.

4. SHIPPING Except in special instances, ARC will ship all products "ex works" from its headquarters in Scottsdale, Arizona. The Buyer is responsible for all costs incurred in shipping the goods unless otherwise agreed upon between the Buyer and ARC. (ARC does make every effort to lower the shipping costs as much as possible, and also offers free shipping for qualifying orders. ARC must approve in writing the absorption of any costs related to shipping or otherwise before sending the goods to the Buyer.)
